

REFRAME[®] CUBE ASSEMBLY GUIDE

PRODUCT CODE: REFRAME[®] CUBE (RC040)

1

Layout the Reframe[®] components on a flat surface and ensure you have everything required before you start the assembly.

CHECKLIST

8x	CORNER BRACKETS
12x	REFRAME [®] LENGTHS
24x	SCREWS
1x	POWER DRILL

2 Insert corner bracket into frame length (ensuring the bracket is set in as far as possible)

3 Repeat Step 2 on the remaining 3 corners of the bottom frame lengths

4 Bridge the two parallel bottom frame lengths to make a square base

5 Connect frames to vertical corner brackets

6 Repeat Step 2, 3 and 4 to make the top frame

7 Connect top frame to vertical lengths

8 Measure and mark 15mm from inside bracket edge along frame

9 Fix the corner brackets using a power drill and the screws provided

10 Repeat Step 7 and 8 on remaining 2 bracket corners

11 Repeat Step 8, 9 and 10 on all remaining corners to complete frame

12 Applying your custom Reframe® fabric skin

Now that you've finished assembling your frame, it's time to apply your custom Reframe® fabric skin. Please refer to either a printed 'Reframe® Fabric Installation Guide' or go to www.reframe.com.au to watch one of our instructional assembly videos to see how to correctly apply your Reframe® fabric skin.

NOTE: The assembly instructions for the RC040 (and included components) illustrate the fundamental steps to assemble a 'standard' Cube type ReFrame®. If your ReFrame® is oversize, has additional components such as joiners (not shown on this fact sheet), accessories, or has bends/curves and you are unsure how to proceed with assembly, please contact the team at AFI Branding on 1300 652 514 and we will guide you through the assembly process.
